

**MULTIPOWER  
INTERNATIONAL, INC.**

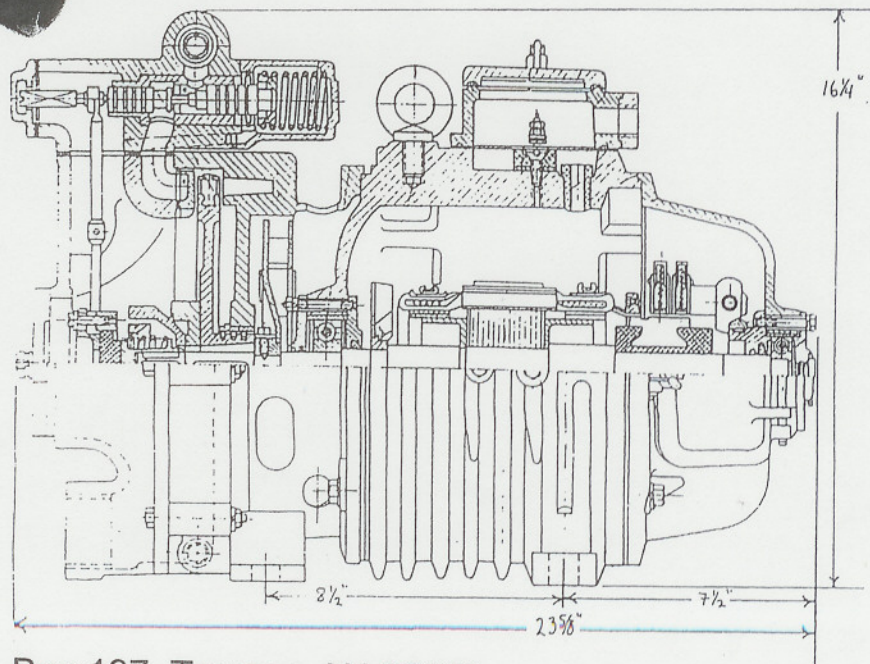

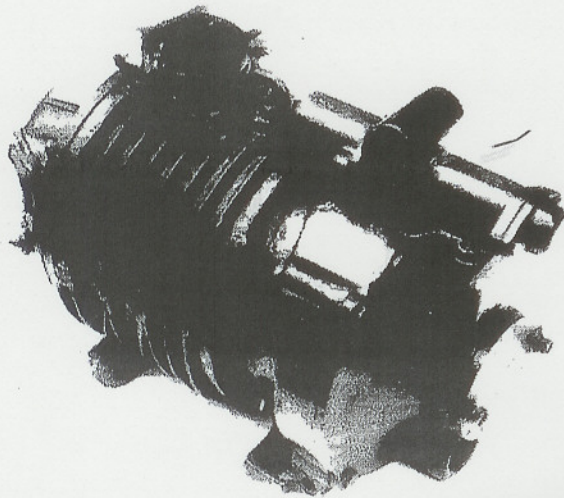

PART NO: 530

DRAWING NO: JT 250.758.00

DESCRIPTION

**TYPE JWF-1Z DYNAMO**

The type JWF 1Z Dynamo produces 50 volts, 1000 watts. With modifications (adding resistance to reduce voltage to 32 volts) it will replace a variety of small steam driven generators. Its governor apparatus is similar to the type used on Sunbeam dynamos. Its main body is cast iron.
